SUMMARY

I am Muhammad, a web and application developer currently studying at 42KL. With experience in Next.js, I am focused on becoming a full stack developer. Driven by a strong desire to continuously learn and adapt, I am committed to mastering a wide range of technologies and delivering innovative solutions.

EXPERIENCE

IOS App Development

Word Of Mouth

📅 03/2025 - Present 📍 Remote

Word of Mouth is a social media app that lets users share posts about restaurants and food, follow others, and discover nearby locations on a map.

- Using React Native, I developed the entire app structured the database, and built both the frontend and backend with a strong focus on performance and optimization.

Web App Developer Internship

Raion Tech

📅 08/2024 - 01/2025 📍 Remote

Raion Techn is a technology firm that specializes in software development.

- Built a responsive data management dashboard with Next.js, featuring dynamic tables, lead management, custom UI components, logic handling and API integration.

Teacher Assistant

Fugee School

📅 06/2024 - 08/2024 📍 Gombak, Malaysia

Fugee School is an educational institution that focuses on providing quality education to refugee children.

- Assisted in teaching Google Workspace tools for the Google Certificate program.

Web Developer Role

Refugee Action For Change

📅 01/2024 - 04/2024 📍 Remote

Refugee Action For Change is an NGO that aims to support refugee communities.

- Developed Refugee Action for Change (ReAct) NGO's website utilizing Next.js technology.
- Focused on user-friendly design and accessibility, ensuring information accessibility for all stakeholders.

EDUCATION

Core Programme

42KL Sunway Education Platform

📅 03/2024 - Present 📍 42KL Sunway, Malaysia

- I am currently enrolled at 42, a coding bootcamp focused on project based learning and peer-to-peer collaboration.

Secondary Education Matriculation

Unique High School

📅 2020 - 2022 📍 Lahore, Pakistan

- I have completed my Matriculation from the Board of Intermediate and Secondary Education (BISE) in Pakistan with an A grade.

STRENGTHS

High Self-Discipline

Stays focused and finishes tasks

Problem Solver

Takes time to understand and solve problems

Work independently

Can work alone without help

Growth mindset

Passionate about learning new technologies

SKILLS

Next.js

React.js
